Dear Friends,

The *Tory's* goal is to smash the liberal echo chamber that the left claims is a "fair debate" and replace it with a real debate between liberals and conservatives. We work to present the best ideas conservatives have to offer. And we train conservative students to be conservative thinkers. But we cannot do it alone. Since **we receive no funding from the university**, we rely solely on the support of people like you.

If you give \$25 or more to the *Tory* we will send you all the issues we publish for the academic year. The *Tory* will give you a different perspective on campus events, not one that tells you only what the administration wants you to know.

Please consider giving one of the following amounts:

___\$25 ___\$50 ___\$100 ___\$250
___\$500 ___\$1,000 ___Other \$ _____

We are always trying to find new alumni to support the *Tory*. If you know other alumni to whom we should send a free copy of the *Tory*, please write their names and addresses below. If you only know their names and year, we can find their addresses. Thank you.
